

Hi,

I would like to thank you all once again for awarding Affordable Roofing Systems inc. with the Phoebe Park Re-Roof project. Affordable Roofing Systems has put the project in for a start date of Monday 10/2/17. We will be starting in the back of Phoebe Nest and working our way towards the front. We will be calling for 120 working days start to finish, not counting weather delays. We would also like to make it to where we can work Saturday if necessary due to extra work on one particular unit or other problems come about, but usually we should be cleaned up by the end of business every Friday at closing and starting a new set of buildings every Monday morning. Thanks ahead of time for everybody's patience and working with us and our mess at each construction site. Please do not park in the drive way at night at the units we are working on due to possible nails in driveway. But you are allowed to park in front of the units on the road side (Please park on same side of road). Again we thank everybody for being co-operative during all the construction and we are excited to get underway on putting on quality new roofs for all residents at Phoebe Park.

Thanks,
Jordan Mellette
General Manager

Buildings to start 10/2/17
5907/5909
5911/5913
5917/5919
